Dear Sir:

One June 5, 2007, Examiner Gilbert called Applicants' representative, Jeffrey Kurin, to discuss claims 49-53, and more specifically, to discuss possible amendments to independent claim 49 to put the case in condition for allowance. It was indicated in the original Examiner's Interview Summary (mailed with the original Notice of Allowability) that U.S. Patent No. 5,460,592 to Langton was discussed. Applicants representative points out the at the Examiner's initiation, U.S. Patent No. 4,847,505 to Suthanthiran was also discussed.

Applicants' representative agrees that permission was given for the Examiner's Amendment provided with the Notice of Allowability.

Because Examiner Gilbert informed Applicants' representative of U.S. Patent No. 4,847,505 to Suthanthiran during the telephone interview, Applicants' representative expected the Examiner to provide a PTO Form 892 listing U.S. Patent No. 4,847,505 to Suthanthiran with the Notice of Allowability, so that the Suthanthiran patent will be listed on the face of the issued patent. However, the Examiner has not initially issued the PTO Form 892.

Accordingly, Applicants' representative called the Examiner numerous times, and left a few message, to request that the Examiner issue a PTO Form 892.

On August 8, 2007, the USPTO mailed a Supplemental Notice of Allowability which included a PTO Form 892 that lists U.S. Patent No. 4,847,505 to Suthanthiran as a reference cited by and considered by the Examiner. Applicants' representative thanks the Examiner for issuing the PTO Form 892 and the Supplemental Notice of Allowability.

Respectfully submitted,

Date: September 10, 2007
